

1995-96, 1996-97, 1997-98 and till date are 25, 28, 20 and 5 respectively. 30 Pilots have lost their lives in these accidents. The loss suffered by IAF on account of these accidents is approx. Rs. 654.38 crores (excluding loss of aircraft in 2 recent accidents). The main causes of these crashes are human Error, Technical Defects and Bird Strike. However, there has been no incident of any aircraft being short down or grounded.

2. To contain air accidents on an immediate basis, air support and attack patterns have been reviewed. Steps have also been taken by the Ministry of Agriculture and the Ministry of Urban Affairs & Employment and the State Governments concerned for modernisation of slaughter houses/carcass utilisation centres and for sanitisation of areas around airfields to reduce bird activities.

3. The Committee on Fighter Aircraft Accident constituted under the Chairmanship of Scientific Adviser to the Raksha Mantri, Dr. Abdul Kalam to analyse the causes of these accidents and to bring out remedial measures to avoid their recurrence, is likely to submit its report shortly.

4. It would not be in our security interest to indicate the number of aircraft inducted and the cost involved therein. As regards the induction of AJT, commercial negotiations with short-listed vendors are continuing.

**(b) Amount spent on these Kendras during last 3 years**

S. Name of kendras No.	1994-95	1995-96	1996-97	Total
